

GOCE PDGS Level 1b and Level 2 data processing status

Bjoern Frommknecht (1), Rune Floberghagen (1), Alberto Bigazzi (2), and Marco Meloni (2)

(1) European Space Agency, Earth Observation Programme, Frascati, Italy (bjorn.frommknecht@esa.int), (2) Serco SpA, Frascati, Italy

In this presentation the current status of the GOCE L1b and L2 data processing is discussed in terms of production completeness and quality. In addition the major processing steps are described, together with an explanation of the contents of the different data levels. Furthermore, the datasets to be released to the scientific community are discussed.
