

## **Investigations on Natural Hazards Effects which trigger Technological Disasters**

Alexandru Ozunu, Francisc Senzaconi, Cosmin Balcu, and Eugen Nour

Babes-Bolyai, Environmental Science, Disaster Management, Cluj-Napoca, Romania (ozunu\_al@yahoo.com, 0040264583378)

The paper presents the results of a case study on Romania regions. It identifies the hazards and risks and correlates them with the vulnerability of local communities and infrastructures. The results emphasize warning and consequences mitigation systems.
