

GOCE PDGS Level 1b and Level 2 data processing status

Bjoern Frommknecht (1), Rune Floberghagen (1), Pascal Gilles (1), Alberto Bigazzi (2), and Marco Meloni (2)

(1) European Space Agency, EOP-G, Frascati, Italy (bjorn.frommknecht@esa.int), (2) Serco Spa, Frascati, Italy

In this presentation the current status of the GOCE L1b and L2 data processing is given, both in terms of completeness and quality. The status of the on-going algorithm update of the main L1b processing chain will be presented as well. In addition the modalities of the data access for users will be explained.
