

Examples of digital activities in tomorrow's Science classroom

Arnaud Lardé

France (svtlarde@yahoo.fr)

Nowadays, Digital skills are very important for several reasons; First, almost any studies or works will need to master these skills; then, they are a new way to stimulate and motivate the pupils;

You will find here examples of apps, ideas with tablets to use in your class keeping in mind that the most important is not to teach FOR the digital but BY the digital.

Examples that will be exposed:

- plickers
- anatomy 4d
- QR cod
- edmodo
- skitch
