

Report from ILEWG Task Groups: Science, Technology, human aspects, roadmaps, socio-economics, young lunar explorers, MoonVillage, MoonMars synergies, EuroMoonMars, ArtMoonMars

Prof. Bernard Foing (ESA ESTEC, ILEWG & VU Amsterdam)

Senior Scientist ESA ESTEC, Executive Director ILEWG, IMA

SMART-1 Project scientist, Co-I Mars Express & ExoMars

PI ExoGeoLab, EuroMoonMars, Prof VU Amsterdam & Leiden U, ISAE, ISU,

Bernard:Foing@esa.int SMART-1 & EuroMoonMars Team (2009-2020)

2020 Anna, Liza, Jolanda, Henk, Marc, Michaela, Anouk, Jamal, Eibhlin, Ugo, Thomas, Geoffrey, Heloise, Isabella, Victoria, Arlene, Amanda, Robert, Stijn, Zebro & EMMIHS 2-4 teams

2019 Henk, Michaela, Nity, Sebastian, Annelotte, Josh, Ben, Paul, Andrew, Dan & EMMIHS1

2018-19 Bram, Marc, Dieke, Marjolein, Bram, Isaac, Guido & VU Igluna

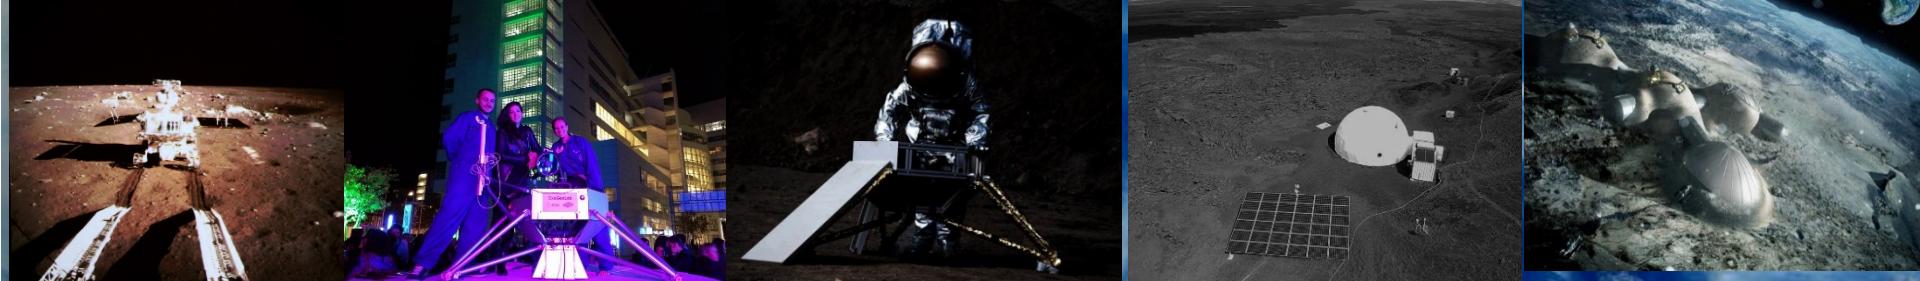

Anna S, Marius, Benjamin, Germaine, Yolanda, Carmen, Yvette & ILEWG,

2018 Elise C, Louis D, Sandro P, Pierre E, Anna, Anastasia I, Alexander Z ,

2017 Arthur L, Heleen V, Agata K, Matt H, Matteus K, Maria G, Andjela T, Pierre E, Lorene A,

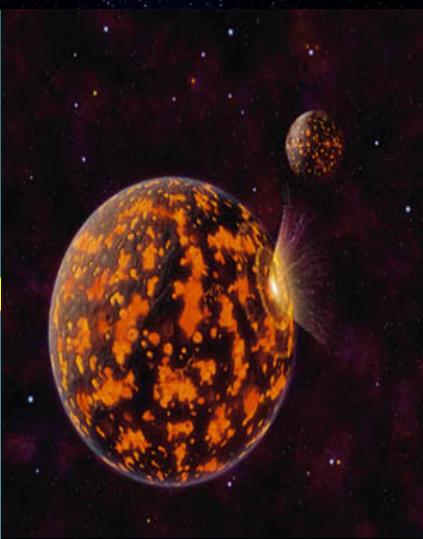

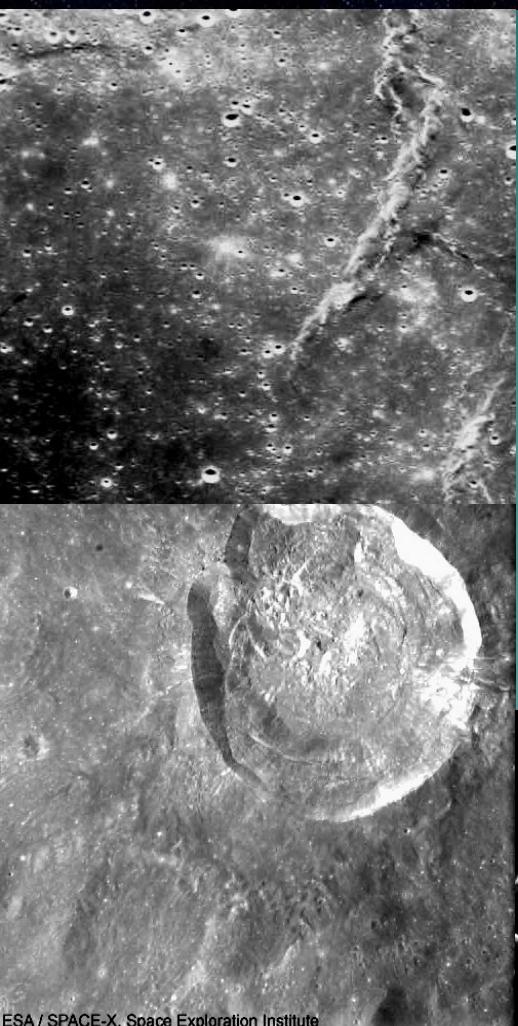

Axel B, Cynthia C., Tibor P., Angeliki, Yolanda et al

2016 Clément J, Oscar K, Valentin G, Manon M, Irene S, Christiane H

Science: Destination Moon: a part of Earth.....

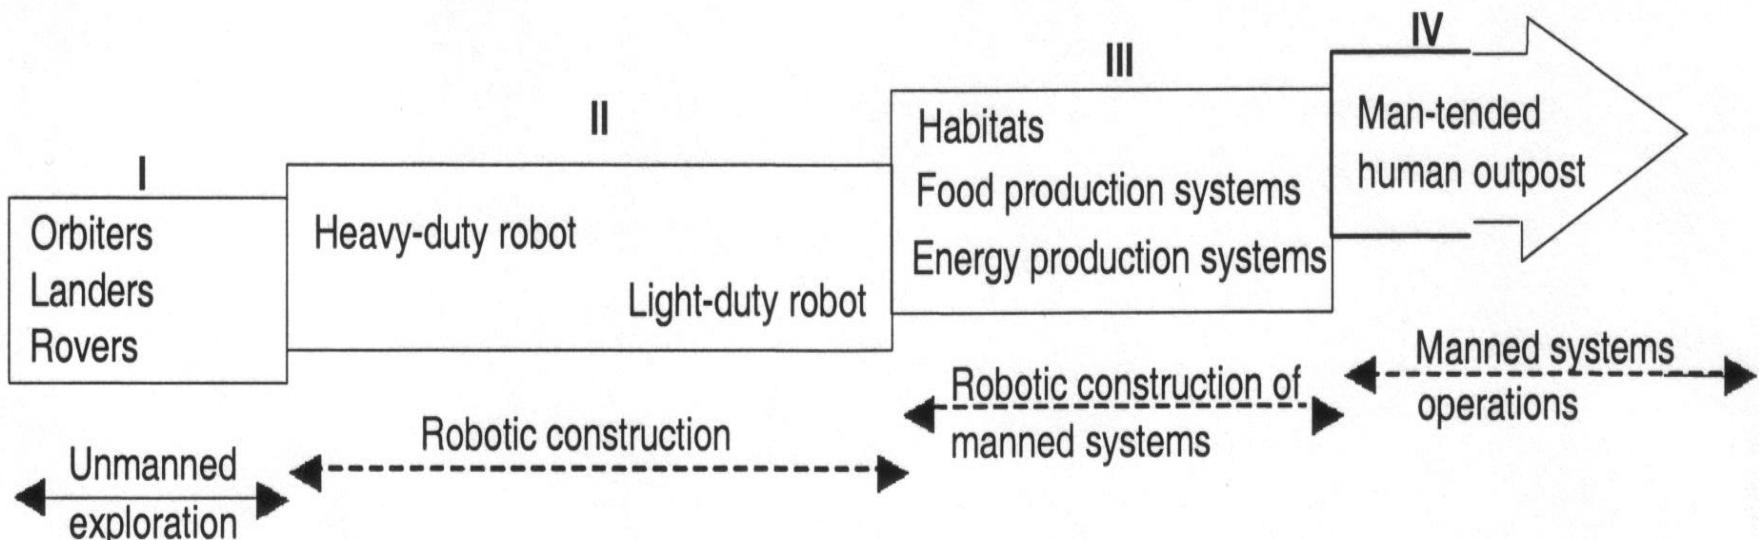

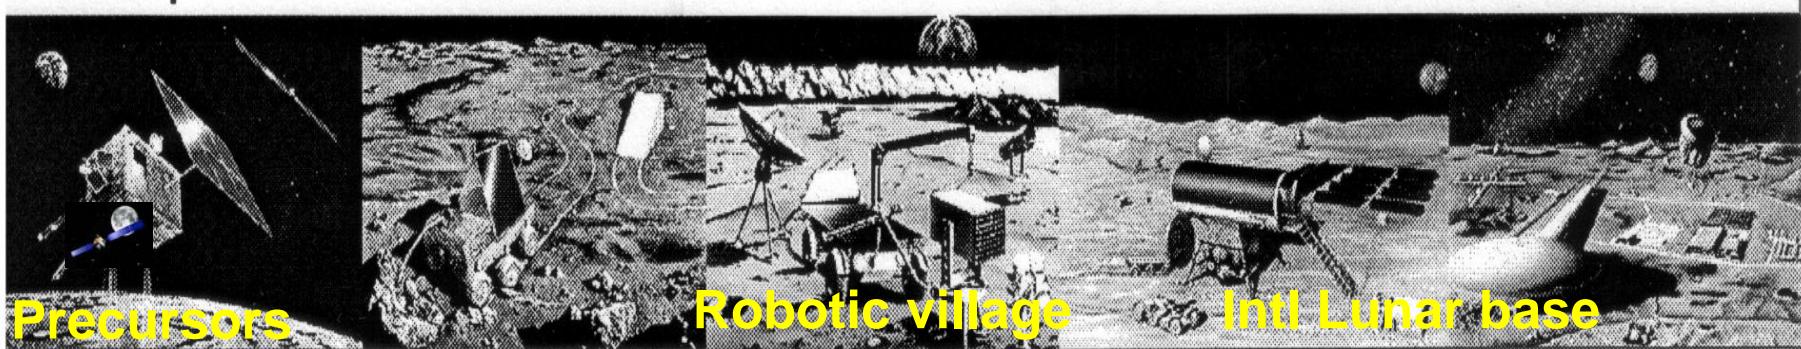

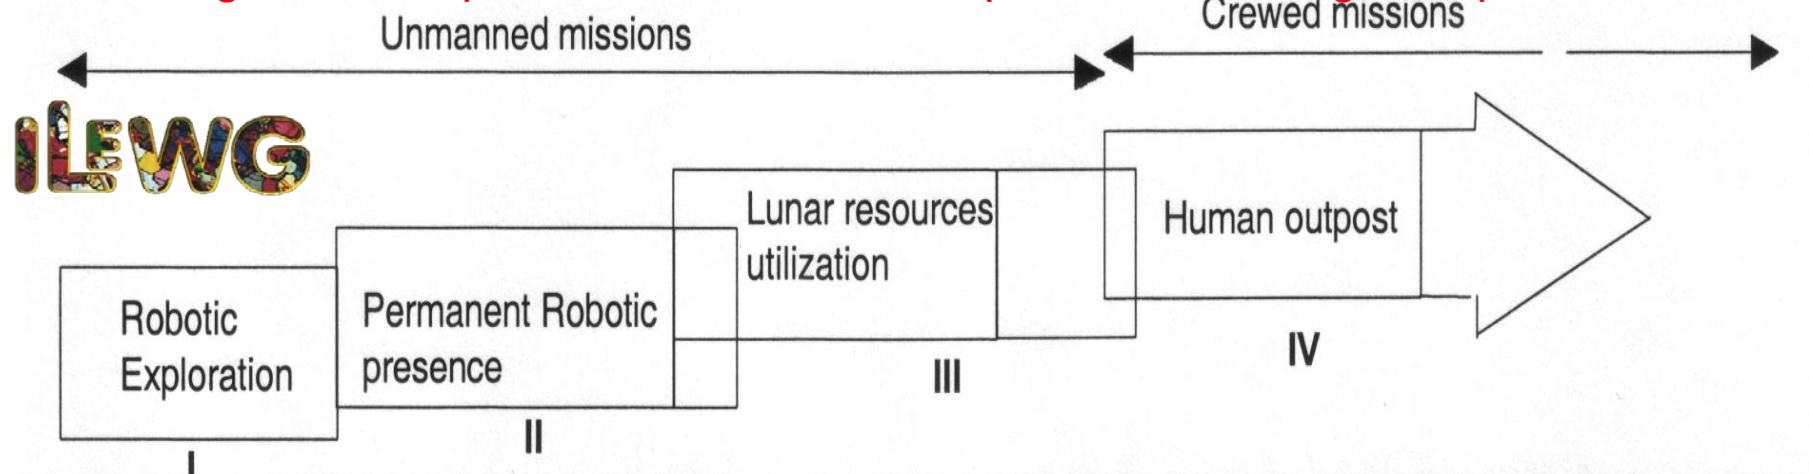

- Early Earth-Moon System
- Terrestrial Planet Differentiation and Evolution
- Solar System Impact Record
- Lunar Environment

Science questions & knowledge gaps

- ◆ What are the conditions for planetary formation?
(bombardment chronology, isotopic dating) -> craters/tecto detection
- ◆ How does the Solar System work?
(Impact basins, accretion, collision) -> morphologies
- ◆ Comparative planetology 3D multispectral maps
(volcanics, tectonics, cratering, erosion, interior & subsurface)
- ◆ What are the conditions for life?
(Search for extraterrestrial ice/organics on Moon) -> dark maps
- ◆ Validation of extreme organics and life detection technologies
(organics and ice) where to bring them ?
- ◆ Habitability of Moon (planning, travel, maps, autonomous, remote action)
(survival and return, life sciences , ecosystems, mini biospheres)
- ◆ Search for Early Earth samples Trenching, subsurface layers, multispectral
- ◆ Science from the Moon (Earth, solar system, astronomy, cosmology, SETI)

MoonVillage Roadmap: International Lunar Exploration Working Group 1998

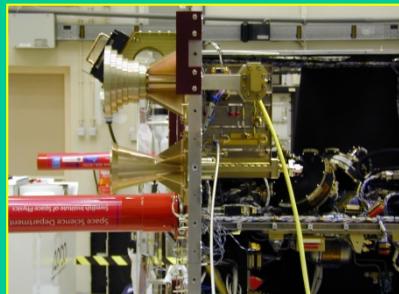

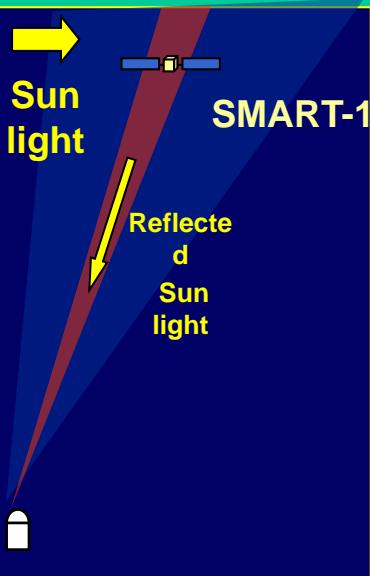

ILEWG Community events

- ◆ **ICEUM ILEWG Int'l Conferences on Exploration & Utilisation of the Moon**
 - Beatenberg 1994 (founding conference co-chaired by Prof H. Curien),
 - Kyoto 1996 , Moscow 1998, ESTEC 2000, Hawaii Nov 2003,
 - Udaipur Nov 2004, Toronto Sept 2005, Beijing Jul 2006, Sorrento Oct 2007,
 - ICEUM10/NASA LEAG/Space Resources Roundtable, Port Canaveral 27-31 Oct 2008,
 - GLUC/ICEUM11 Beijing 2010 (with IAF & CSA),
 - ICEUM13 Pasadena/COSPAR 2018, ICEUM14 Geneva EPSC/DPS 2019
- ◆ **COSPAR:** Washington92, Hamburg94, Nagoya98, Warsaw00, Houston02, Paris04, Beijing06, Montreal08, Bremen10, Mysore12, Moscow14, Pasadena18, Sydney20->21
- ◆ **IAF/IAC:** Houston 02, Bremen 03, Vancouver 04, Fukuoka 05, Valencia 06, Hyderabad 07, Glasgow 08, Daejong 09, Global Lunar Beijing 10, Prag 10, Cape 2011, Naples 2012, Toronto 2014, Jerusalem 2015, Guadalajara 16, Adelaide 2017, Bremen 2018, Washington 2019, Cyber 2020, Dubai 2021, Paris 20212
- ◆ **EGS/EGU/ lunar sessions:** Hamburg 95, Vienna 97, Nice 98, The Hague 99, Nice 00 – 04, Vienna 2005-2019 yearly
- ◆ **Europlanet EPSC:** Berlin7 Muenster8, Potsdam9, Rome10 (yearly) Riga17, Berlin18, Geneva19
- ◆ **ILEWG meetings at International Conferences LPSC, IAC, ESLAB**
- ◆ **Website: ICEUM declarations online**
- ◆ **Publications:** 10 ICEUM proceedings + 7 books (Adv. Space Res.)
- ◆ **Outreach:** 18000 Google quotes

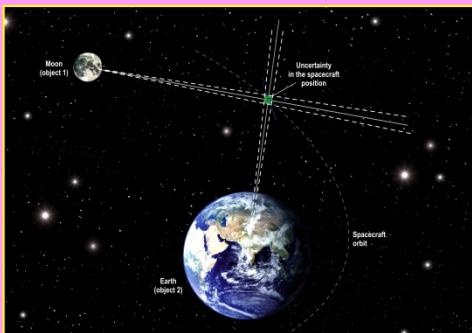

Some of the Innovative Technologies on Smart-1

KA-band antenna

Communication

OBAN

Autonomy

Triple junction solar cells

On-board computer

Multicolor microcamera

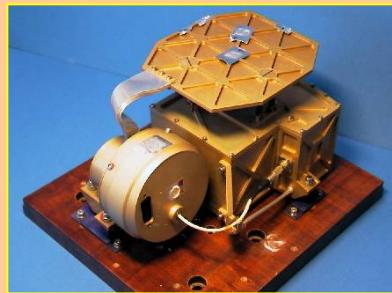

X-Ray Spectrometer

Lithium ion batteries

Platform Technologies

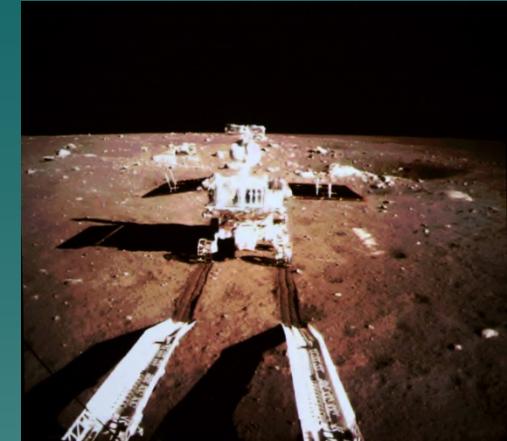

Infrared Spectrometer

Miniaturisation

Lunar village: next steps

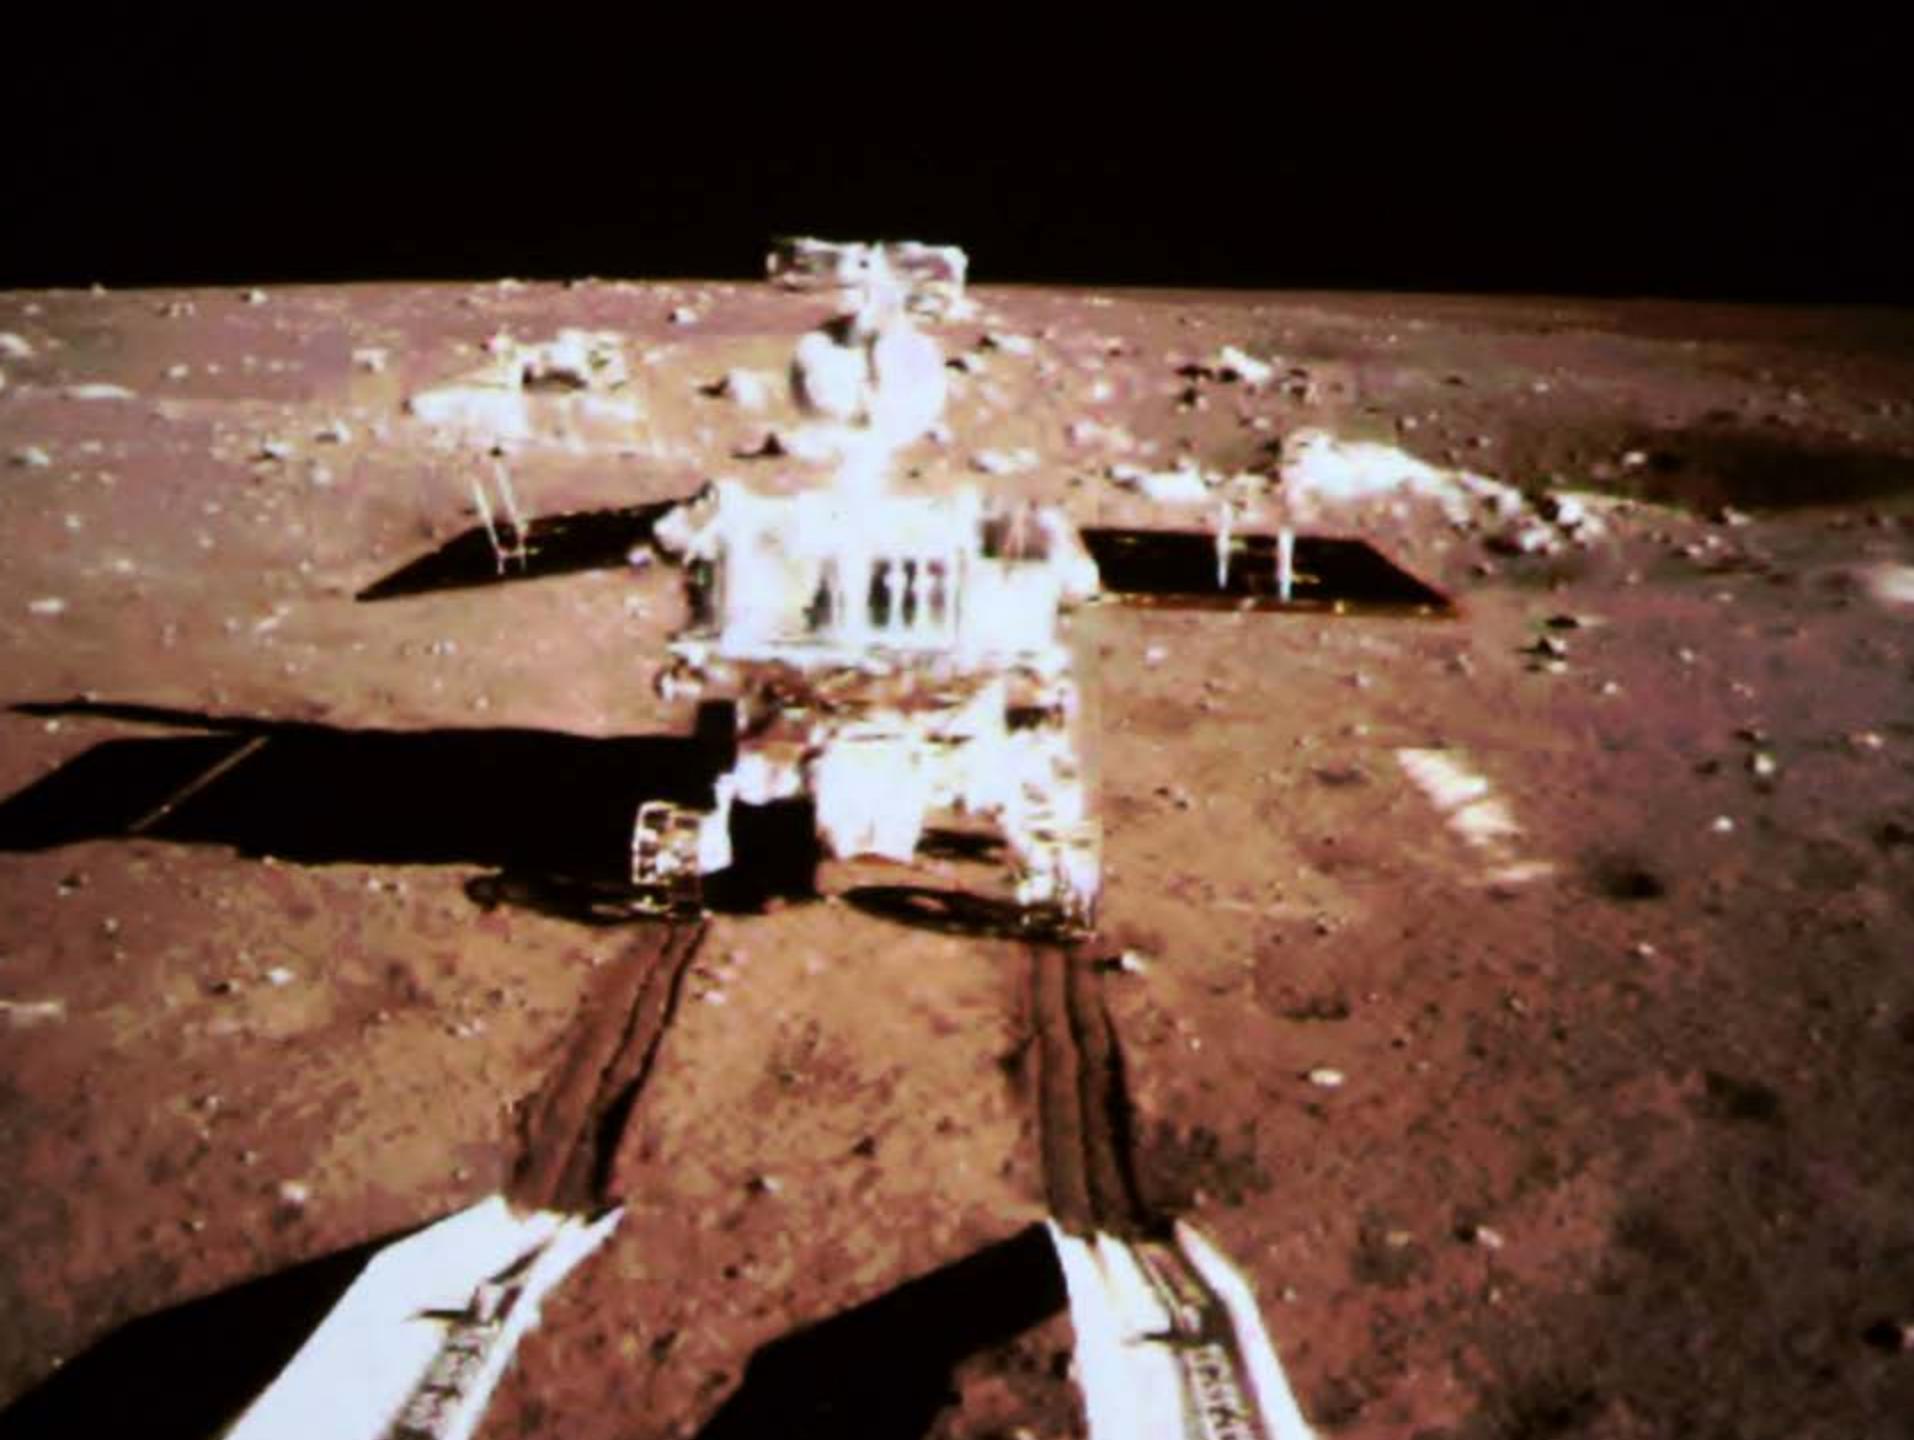

Surface Robotic Village

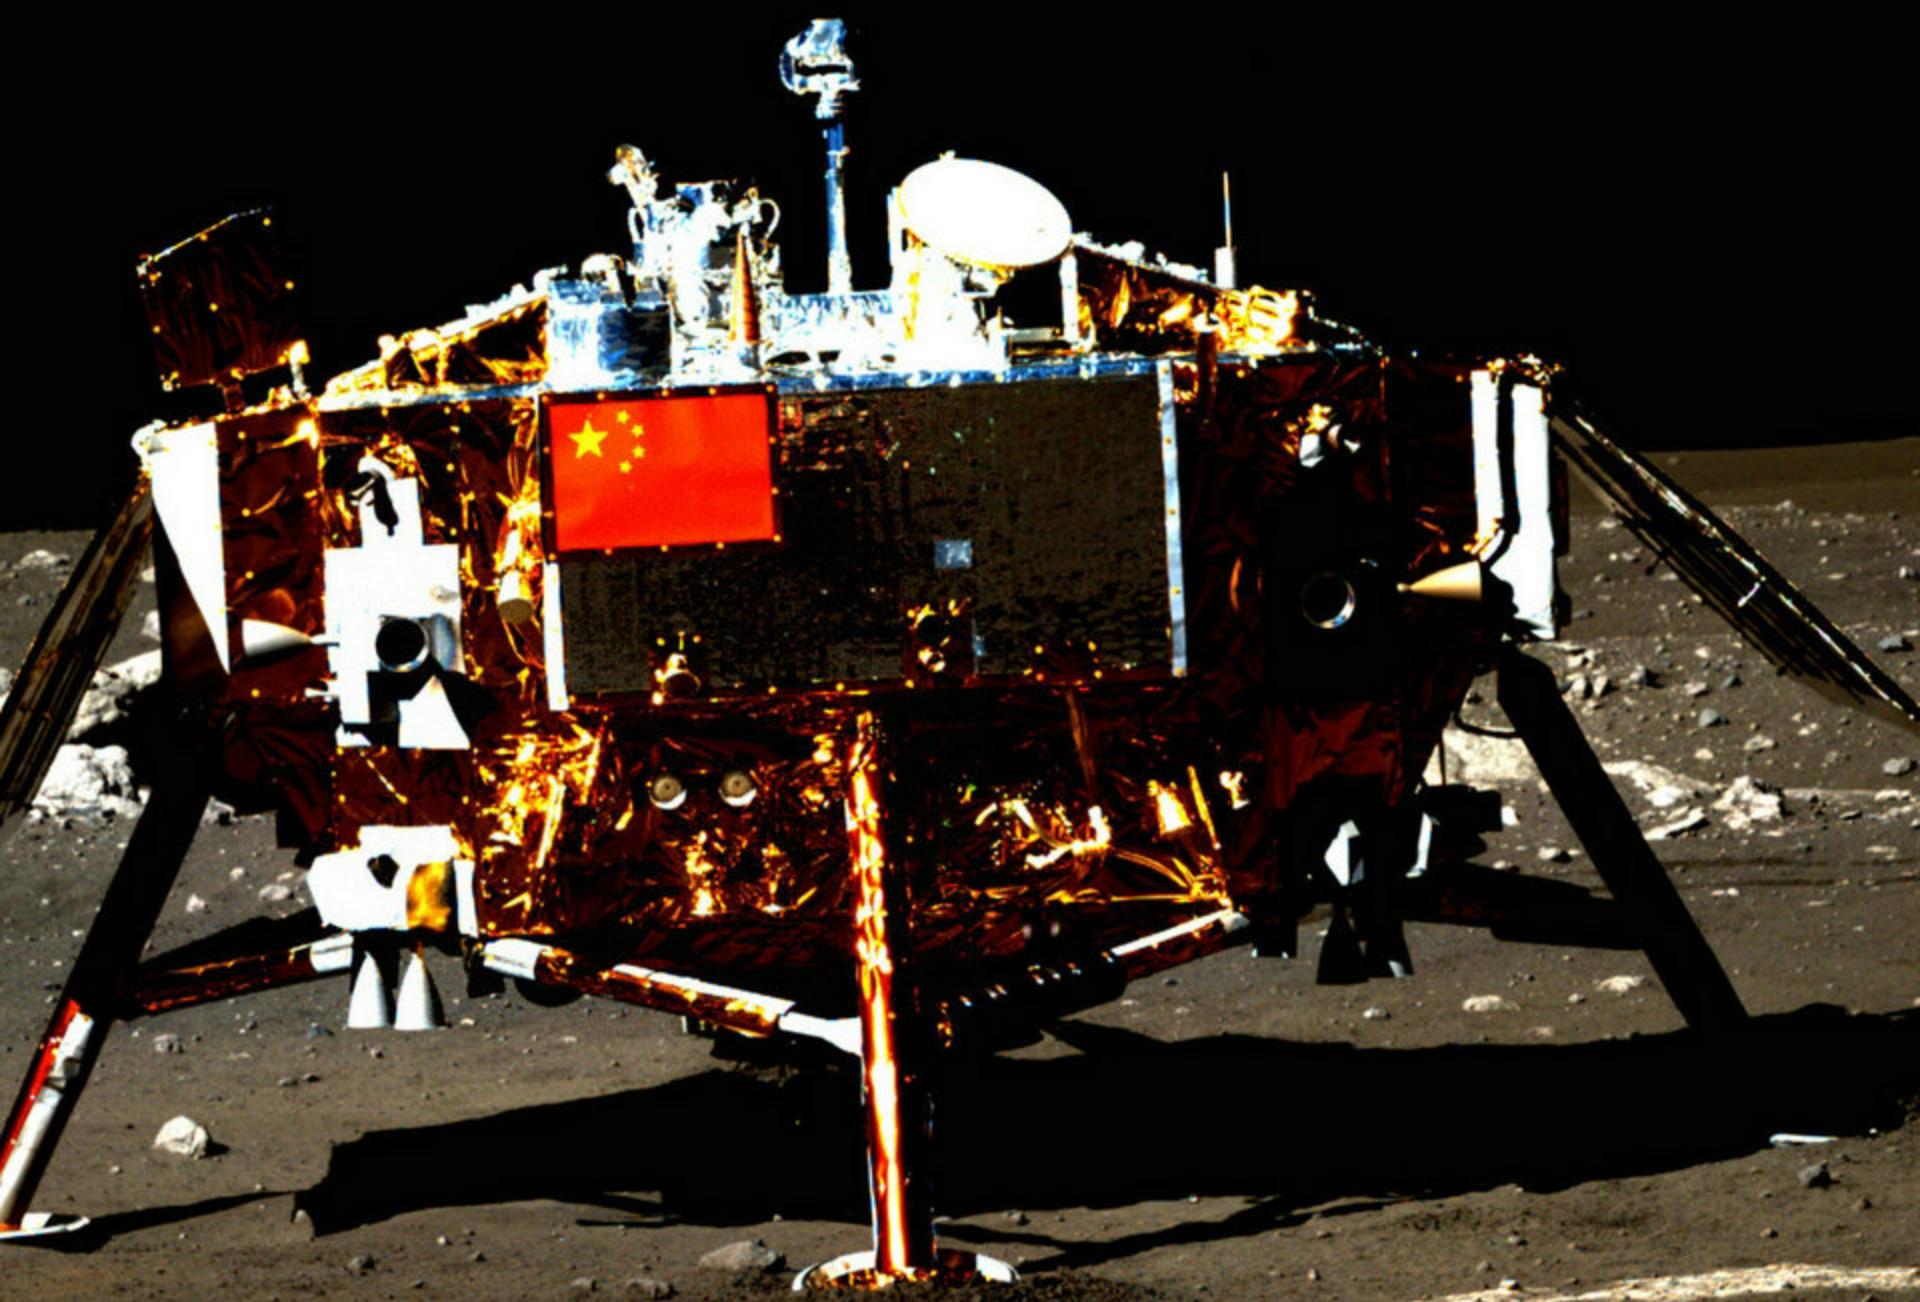

- ◆ 2013/Q4 Chang'E 3 lander & rover
- ◆ 2018/Q3-4 Chang'E 4 far side relay & lander
- ◆ 2019 Space IL Beresheet & Chandrayaan 2
- ◆ 2020/Q2 Chandrayaan 3 lander & rover
- ◆ 2020/Q4 Chang'E 5 sample return
- ◆ 2020/Q4 commercial GLXP follow on
- ◆ 2020 US Commercial Lunar Payload CLPS
- ◆ 2022+ Kari, Chang'E 6 pole sample return
- ◆ 2024+ J SLIM, Luna 25, 26 KARI lander
- ◆ 2025 Luna 27 Polar lander RU/ESA
- ◆ 2026 ESA technology resource lander

Humans & robots

- ◆ 2020 EM1 Orion+ ESA ServiceMod (auto), 2022 Space X (7H)
- ◆ 2023 EM2 Orion+ ESA ServiceMod (+4 crew), Space X (+8 H)
- ◆ 2024 Blue Origins, Space X, Dynetics Human lander
- ◆  2024 Artemis3 First woman on Moon, 2028 Sustain base

Human Robot partnership in ILEWG/ESTEC/OWF MoonMars field tests at Eifel volcano region

ESTEC/ILEWG ExoHab Lab module EuroMoonMars workshop July 2016

ILEWG EuroMoonMars Field Campaigns 2009-2019

◆ Lab & Field research

- Geology in-situ and samples
- Astrobiology and life sciences

◆ Instruments demo

- Cameras, spectros, comms
- Rovers & drones, Navigation, maps
- Traverses, Sampling, GPR, drills

◆ Habitat technologies:

- Hab structure
- Architecture and layout
- Power, comms
- Grey water, Greenhouse
- Laboratory

◆ Human aspects

- Time sheets/Performance
- Astronauts & EVAs suits
- Food and medical study

◆ Training of young/advanced , outreach

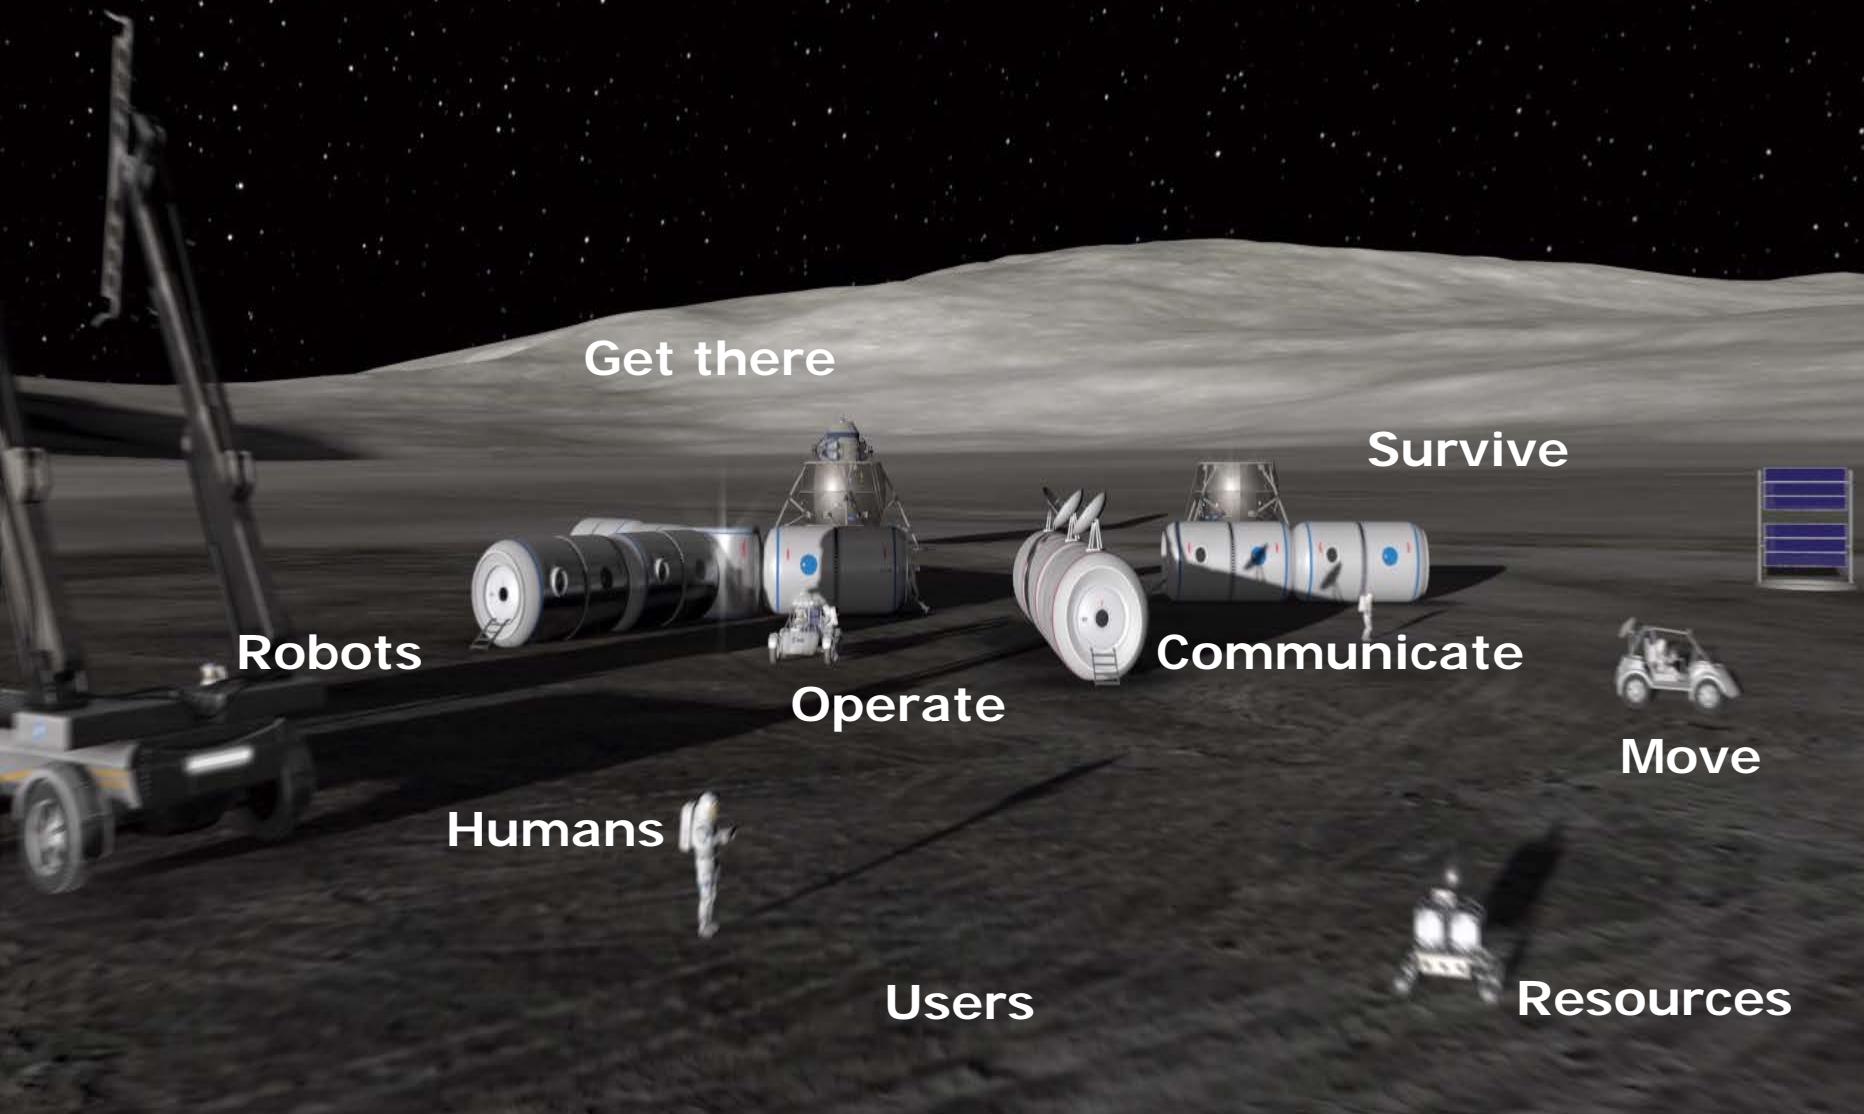

Sustainable Presence on the Moon

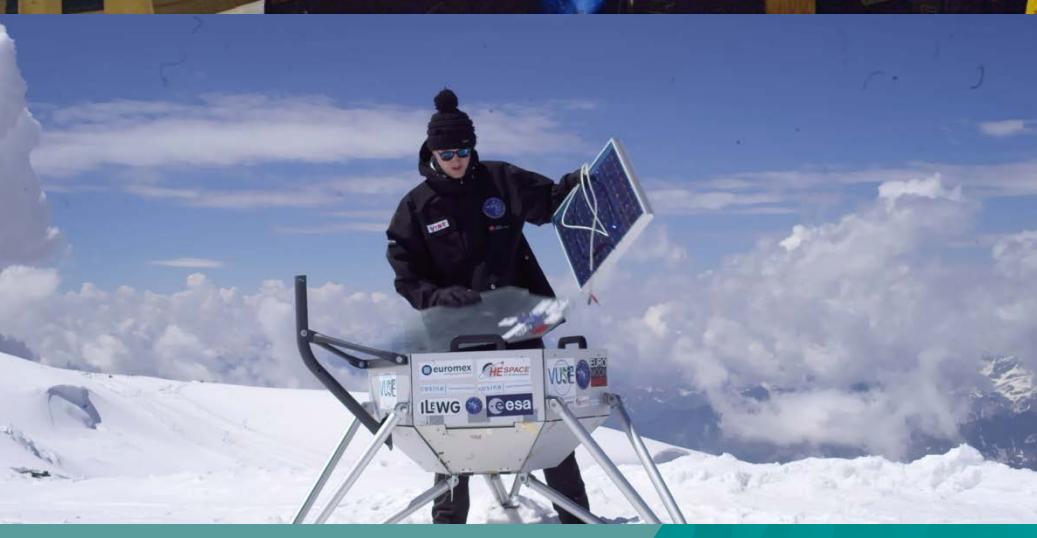

Credit: ESA/Foster + Partners

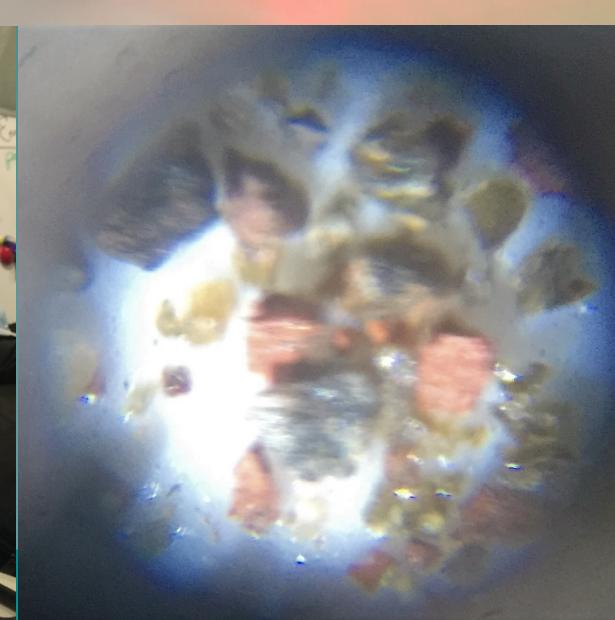

Challenges for Moon Village Implementation

IgLuna Ice Moon Habitat 2019

Hawaii EuroMoonMars 2018 instruments

Day 3 at MoonBase

Preparing MoonMars Village on Earth

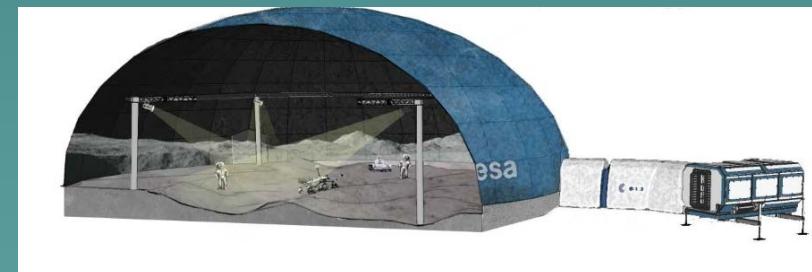

Robotic Village

- ◆ Landers and rovers , telerobotics
- ◆ Instruments
- ◆ Field tests in MoonMars analogues
- ◆ ISRU & life sciences
- ◆ Dusty Vacuum facilities

Human Bases

- ◆ Habitats & pressurised vehicles
- ◆ Laboratories (geo, astro, bio)
- ◆ Infrastructures (transport, power, ISRU)
- ◆ Human facilities
 - ESTEC ExoHab/EXoLab , EAC Luna
 - LunAres isolation studies
 - ESA Lab & Ice Habitat (CH)
- ◆ MoonMars analogue bases
 - MDRS, HiSeas, Intl MoonBAse Alliance

Young Lunar Explorers brainstorming and recommendations
