

Session 2.1.8

We had at least 77 participants join the chat and had a lively discussion for all displays.

27 participants joined the online quiz and poll, which was won by Josep Fortesa. For those of you who are interested, the answers to the poll questions are given below.

Thank you all for making this a nice session.

We look forward to a real pico session on intermittent streams in Vienna in 2021!

Presenter in the session:

yes: 4

No: 23

Involved in the SMIRES cost action:

Yes: 7

No: 19

Most interested in the following aspect(s) of intermittent streams:

Hydrology: 20

Biogeochemistry: 8

Biology/biodiversity: 3

I prefer perennial streams: 2

To improve our understanding of IRES, we need to:

Expand citizen science and crowdsourcing approaches: 17

Install more gauging stations on IRES: 16

Develop new sensors and sensor systems: 14

Develop better models: 11
