

## Organization of session chat

Dear attendees of HS8.1.7 “New challenges to address risk assessment and remediation of groundwater from emerging contaminants”,

here is how we will organize the session:

We will go through the uploaded presentations in the order they appear in the list of Displays.

Each author will have about **2 minutes** to briefly present their work keeping to a limited amount of text in the chat. You are welcome to prepare this beforehand, and we suggest the following:

1. Introduce yourself with your background
2. Use the title to expand on what is in the paper
3. Briefly explain the approach you used
4. Key results
5. What are the key findings and impacts

The group will have **5 minutes** to chat
