1. Division President and President Election 2019

Election in autumn 2019

New BG Division President: Lisa Wingate

will become

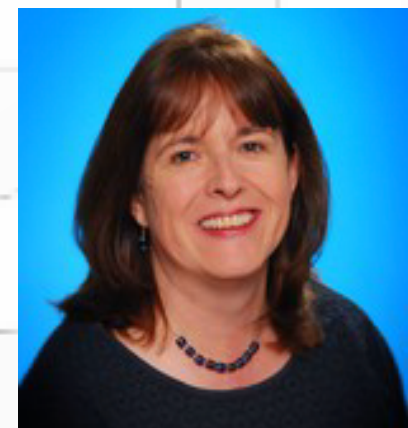

- division president at the GA 2020

(Giuliana Panieri becomes General Secretary; elected in autumn 2019)

New EGU president: Helen M. Glaves

will become

- Vice president at the GA 2020
- EGU president at the GA 2021

1. Division President Election 2019

Lisa Wingate

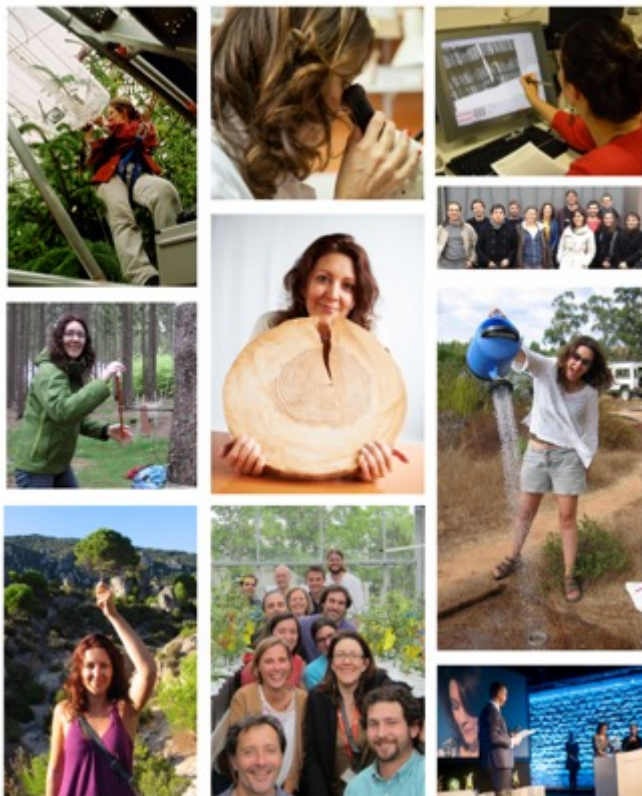

*“I would describe myself as
a terrestrial biogeochemist”*

*“As an ECS I started presenting my personal research
findings regularly at the EGU.”*

*Over the years my EGU experiences diversified as I
started to convene my own research sessions,
participate in the ECS mentoring programme, develop
my own short courses and engage in activities that
develop Equality, Diversity and Inclusion at the EGU”*

1. Division President Election 2019

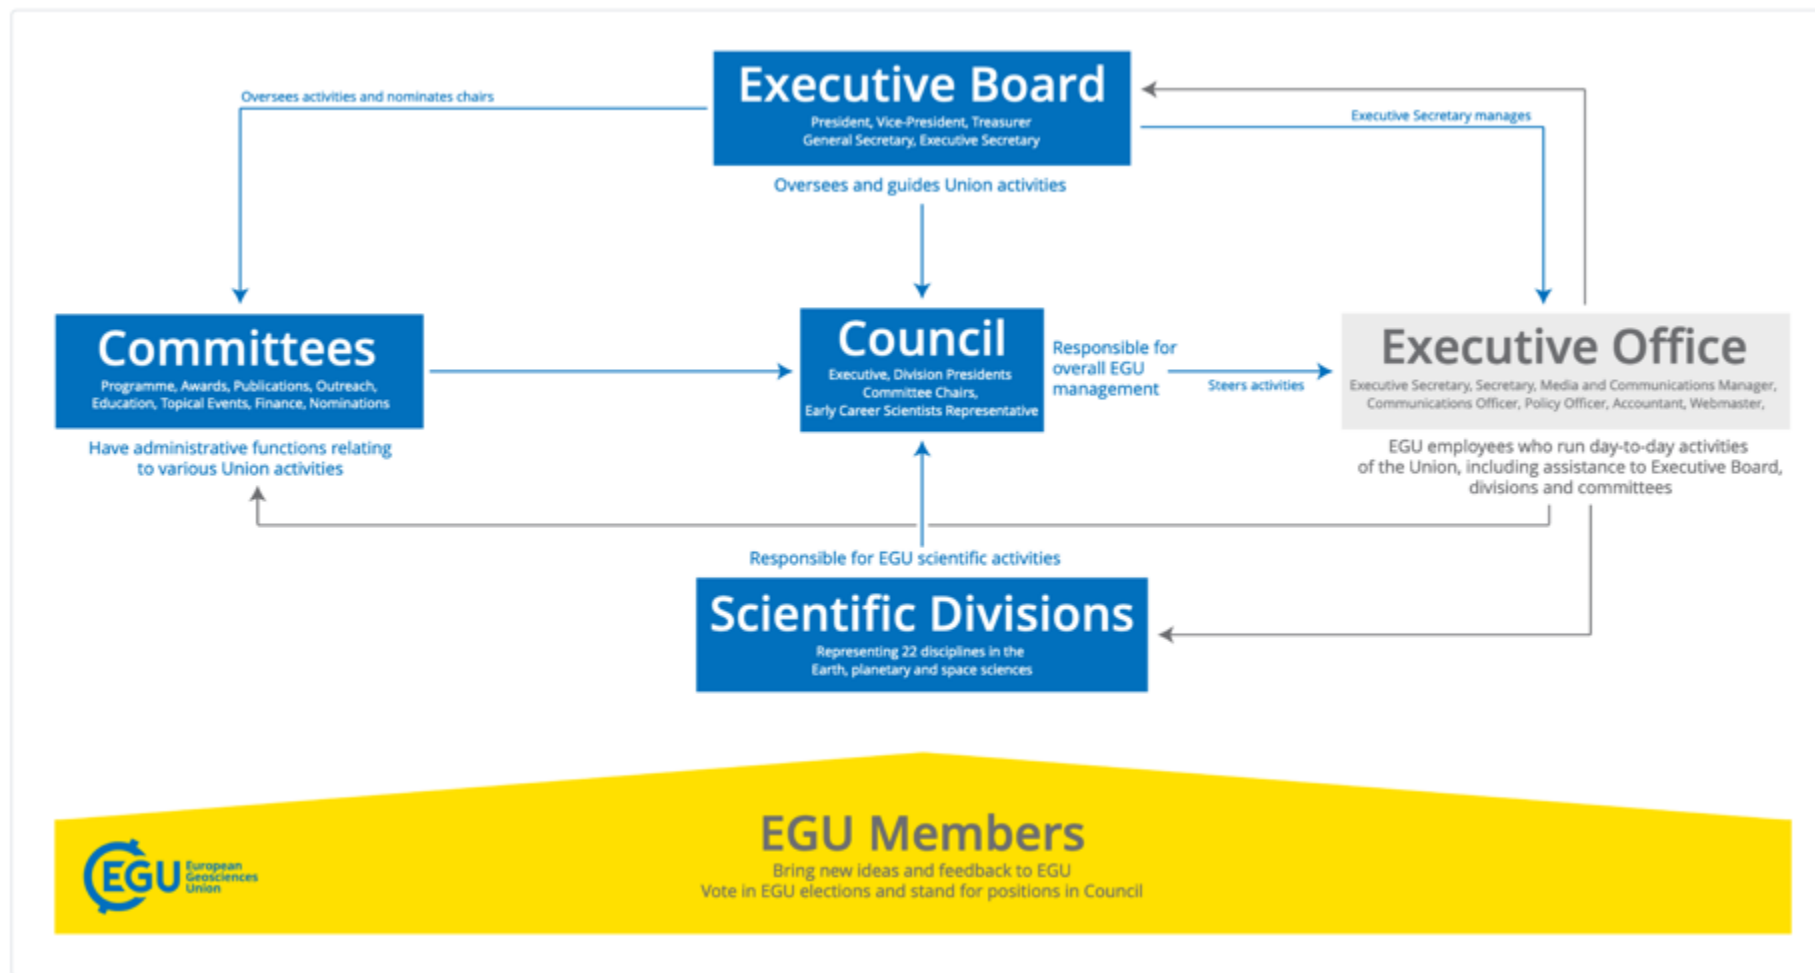

"I will provide the necessary energy and networking skills required to serve the BG and wider EGU community. "

"I would like to share my positive EGU experiences with the BG membership and actively support and build the future BG network, stimulating innovative and timely sessions and actively listening and representing the diverse voices of our BG membership."

"I look forward to meeting with you personally over the coming years and sharing ideas and conversations with you on how to build, re-inforce and evolve our BG networks and sense of community both during the annual general assemblies and from a distance during the rest of the year."

On that note I hope many of you will find a moment in your schedules to join Giuliana and I for a short video conference on (first week of June? 2020 time?) to discuss our recent experiences of the EGU 2020 Sharing Geoscience online in addition to providing an opportunity for Giuliana and I to share our thoughts on the past achievements of the BG division and the future challenges and priorities that lie ahead!

EGU Co-Sponsored Meetings www.egu.eu/meetings

The EGU meetings programme is dedicated to the pursuit of progress in all areas of the Earth, planetary and space sciences through the co-sponsoring of a number of meetings. We strive for excellence in the organisation and running of [conference series](#), [topical meetings](#), [workshops](#), [training schools](#) and [external meetings](#) for the benefit of all scientists. We pay special attention to the needs of early career researchers, and help organisers achieve financial stability, visibility, and/or access to a larger target community.

List of conference series

[Ada Lovelace Workshops on Modelling Mantle and Lithosphere Dynamics](#)

[Alexander von Humboldt Conferences](#)

[Angioletta Coradini Conferences on Solar System and Planetary Processes](#)

[Emile Argand Conferences on Alpine Geological Studies](#)

[Leonardo Conferences on Earth's Hydrological Cycle](#)

[Mary Anning Conferences on Biogeochemical Processes in the Earth System](#)

[Plinius Conferences on Mediterranean Risks](#)

2. Information on EGU

Mary Anning Conference

- Scope: Biogeochemical Processes in the Earth System
- When: to be held every two years
- Call: for proposals opens 1 June 2020
- Aim: to promote novel and innovative research related to biogeochemical cycles in the Earth system and bring together experienced and early career scientists for an interdisciplinary discussion.

2. Information on EGU

EGU Governance Review: *Objectives*

A governance review is an opportunity for the EGU to reflect on its governance arrangements in order to best serve the current and future needs of the organisation, the members, the scientific community and global concerns.

In particular, the governance review will:

- determine whether the governance processes and structures of the EGU are fit for purpose
- make recommendations for any changes to better serve the current and future needs of the EGU and its members

Objectives of the EGU Governance Review

To review the governance processes and structures of the EGU, and make recommendations for any changes to enable the organisation:

- to best deliver its [Mission and Vision](#)
- to best serve the current and future needs of the organisation and its members;
- to ensure EGU structures deliver appropriate scientific and professional diversity and representation amongst EGU committees and boards

Terms of Reference: The full EGU Governance Review Terms of Reference [is available to download here](#)

2. Information on EGU

EGU Governance Review Scope: *Timescales & Contact*

Timescales

- The Governance panel will convene in late May 2020, and conduct their review over the following 9-12 months.
- The Governance Review will produce an interim report to the EGU Council in October 2020, and a final report with recommendations in January 2021.
- The Governance Review will report to EGU members at the 2021 EGU General Assembly. If any changes to EGU governance require EGU Members to vote, this will take place at the EGU General Assembly.
- Implementation of any agreed governance changes will take place following the 2021 EGU general assembly

2. Information on EGU

EGU Governance Review Scope: *EGU Member Input*

EGU members may input their views to the Governance Review via their divisional representatives on EGU Council

EGU members may also contact the Governance Review Panel directly via email at:

All Awards (OSPP and Medal Lectures this year) will be given during #EGU21

A large, stylized, light gray outline of the letters 'EGU' is centered in the background of the slide. The letters are composed of thick, hollow lines, giving them a modern, architectural feel. The 'E' and 'G' are connected to the 'U' by a thin horizontal line.

3. EGU2020: Sharing Geoscience Online (#shareEGU20): Activities and Statistics

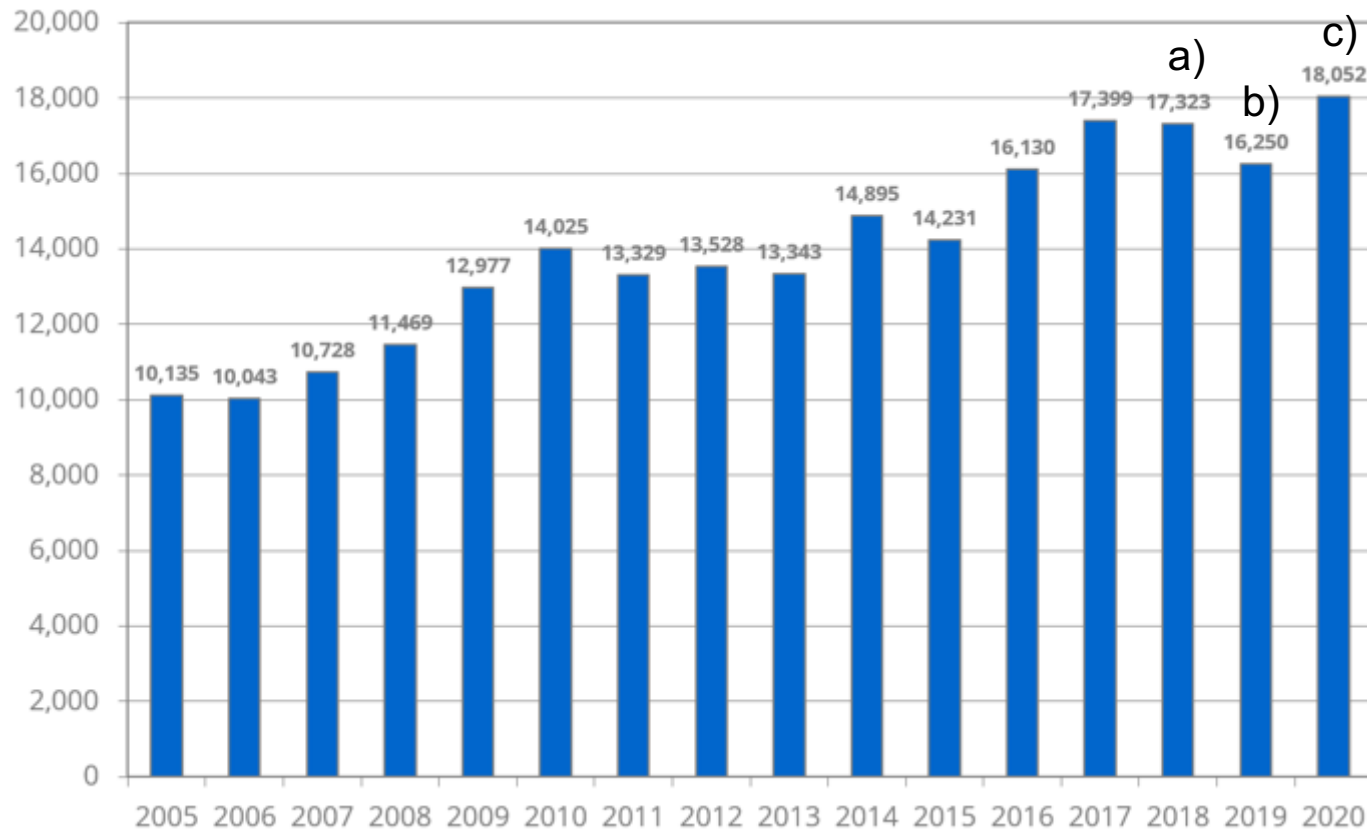

(as of 27 April 2020, 08:30)

- 18,052 abstracts in programme | +11.1% relative to 2019
- 702 unique scientific sessions
- 440 out of 702 scientific sessions are co-organized (62.7%), thereof
- 37 ITS
- 6/88 short courses online
- 1,135 presentation materials uploaded
- 82 comments to uploaded presentation materials received

As this is new territory for the EGU we will be reaching out to all the participants of #shareEGU20 over the coming days to gather your valuable feedback regarding your online experience of the GA this year.

Please take a moment after the meeting to fill up the survey that will be issued by Copernicus shortly as this will help us assess and improve EGU online activities future .

5. BG Awards

Vladimir Ivanovich Vernadsky Award

Pierre Friedlingstein

The 2020 Vladimir Ivanovich Vernadsky Medal is awarded to Pierre Friedlingstein for exceptional contributions to biogeosciences in leading the quantification of the carbon-climate feedbacks in a changing world

5. BG Awards

2019 Division Outstanding Early Career Scientist Award

Caitlin E. Hicks Pries

The 2020 Division Outstanding Early Career Scientist Award is awarded to Caitlin E. Hicks Pries for her exceptional contributions to biogeosciences in general and in particular, the terrestrial carbon cycle and the interplay of soil and plant processes with climate.

5. BG Awards

2019 Outstanding Student Poster and PICO (OSPP) Award

Nicole Fernandez.

$\delta^{30}\text{Si}$ – discharge relationships in small catchments spanning different climates and lithologies (Fernandez, N.; Bouchez, J.; Derry, L.; Chorover, J.; Gaillardet, J.; Druhan, J.)

Andreas Riedl.

Quantification of Dew and Fog Water Inputs to Swiss Grasslands (Riedl, A.; Li, Y.; Eugster, W.)

Julius Sebald.

The effects of forest cover and disturbance on torrential hazards: Large-scale evidence from the Eastern Alps (Sebald, J.; Senf, C.; Heiser, M.; Scheidl, C.; Pflugmacher, D.; Seidl, R.)

Layla M. San-Emeterio.

Pyrolysis-compound specific isotope analysis (Py-CSIA) of polymers and biopolymers: possible applications in heritage conservation (M. San-Emeterio, L.; de la Rosa, J. M.; Jiménez-Morillo, N. T.; González-Pérez, J. A.)

6. BG Publications

Aims & Scope

Biogeosciences (BG) is an international scientific journal dedicated to the publication and discussion of research articles, short communications, and review papers on **all aspects of the interactions between the biological, chemical, and physical processes** in terrestrial or extraterrestrial life with the **geosphere, hydrosphere, and atmosphere**.

The objective of the journal is to cut across the boundaries of established sciences and achieve an interdisciplinary view of these interactions. **Experimental, conceptual, and modelling approaches** are welcome.

6. BG Publications

Open access & Open peer review

The review process, referee comments, open comments and authors answers are public, archived and citable as well.

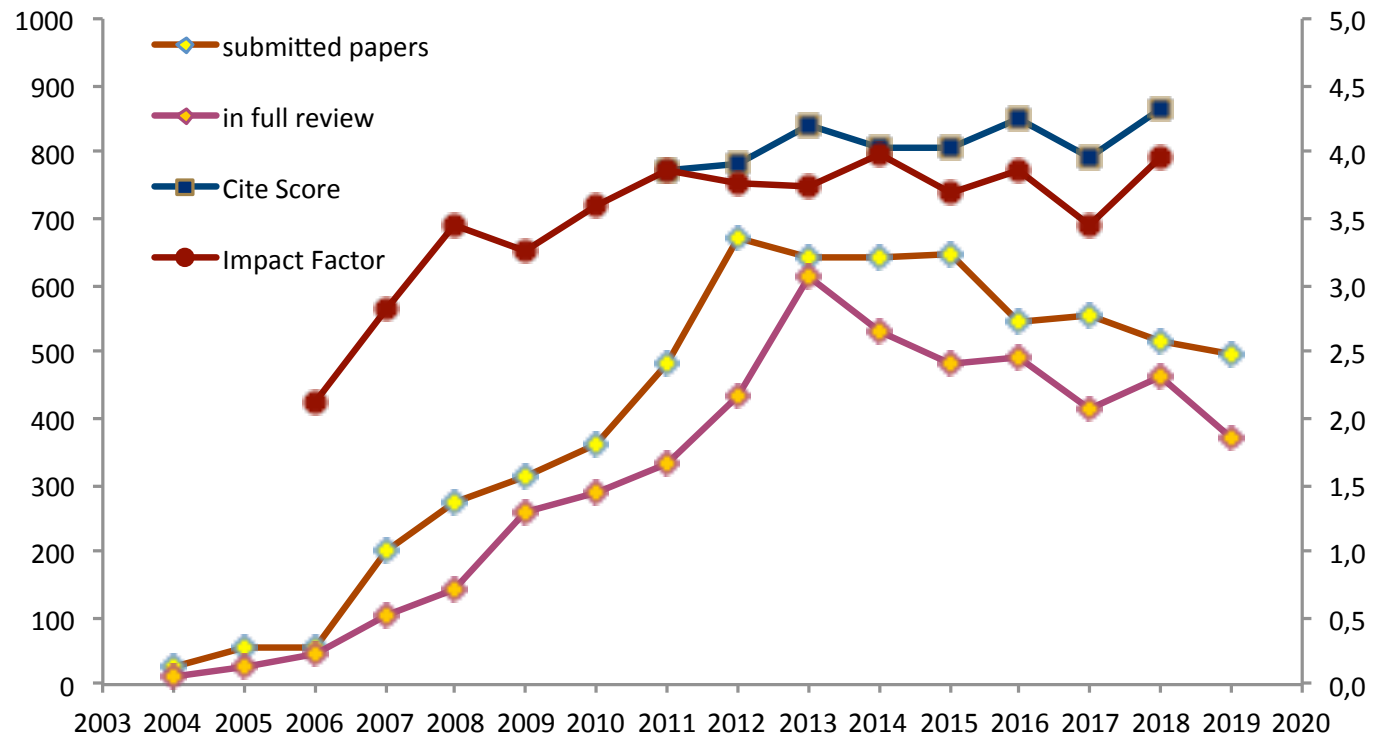

Reviewed manuscripts and published papers are archived and fully citable - Ideas and rights of authors are fully protected from the beginning.

Coverage of costs by authors, as there is no other income for the publisher.

Copyright stays with the authors.
