

Welcome to the first online EGU ECS networking event!

My name is Tommaso → ECS Representative of the NP Division

I am based in Rome → Post-doc at INAF - IAPS

As ECS Rep of NP → create an active ECS - NP community

→ bring together ECS and NP officers

→ increase blog and social media

→ promote new activities (schools, meetings, networking events)

Contact me → ecs-np@egu.eu

More information → <https://www.egu.eu/ecs/>

Division Blog and Social Media

Some statistics

- Kick-off: August 2019
- Number of posts: 18
- Total visits: >3000, Unique visits: >2000
- Median monthly readers: ~200

Post types

- NP Interviews
- NPG Paper of the Month
- Commentary on papers
- Workshop summaries
- ...

Abrupt Warming could bring our planet a “Hothouse Earth” with catastrophic consequences for our economy and society, by Davide Faranda

What are we going to do tonight?

→ Get to **know new people**

Introduce yourself (very briefly, 10 sec. per person)

1. What's your name?
2. Where are you based?
3. What is your position?
4. Why are you here?

→ Discuss **what is on our minds**

1. Share your ideas on our Division
2. What's should be improved?
3. What is missing?
4. What do you expected from?
5. ...

Planning the future ...

We could create a list of contact details to stay in touch!

Should organize a workshop/school in 2021?

We could (bi-)monthly meet virtually to exchange ideas and share research!

Please answer some questions at
<https://www.menti.com/> **code 513865**

If you want add to the list

European
Geosciences
Union

Early Career Scientists
www.egu.eu | info@egu.eu

WHO WE ARE

Early career scientists (ECS) are students and scientists in the Earth, planetary and space sciences who received their highest degree within the past seven years (up to one year of parental leave added for each child).

ECS constitute **more than half of the members** of the European Geosciences Union (EGU).

OUR VISION

Our aim is to have an **open and inclusive ECS community** that is actively involved in EGU activities, **leading to faster developments in the Earth, planetary and space sciences** in today's rapidly changing environment and society.

OUR STRATEGIC PRIORITIES

Strengthening ties between ECS members **across scientific divisions** and improving communication with ECS members within EGU to form an **inclusive geosciences community**.

Identifying what support is needed for the **mental well-being and work-life balance** of ECS and implementing actions needed to tackle these challenges.

Encouraging ECS to uphold **open science** contributing actively to EGU scientific programme, to **ensure a diversity of geoscientific views and ideas**.

Improving the visibility of ECS and their **representatives in the EGU** and in the Earth, planetary and space science community.

Promoting opportunities for **networking** and developing **transferable skills** for a **wide range of career paths**.
