

Are you an ECS early career scientist?

- **undergraduate** or **postgraduate** (Masters/PhD) student or
- a **scientist** who has received their highest degree (BSc, MSc, or PhD) **within the past seven years***.

** Provided parental leave fell into that period, up to one year of parental leave time may be added per child, where appropriate*

What ECS Reps (Early Career Scientist representatives) do?

EGU has **22 divisions**, and each has an ECS Rep

The ECS teams normally run the **social media**, **blog**, and other **activities**, as well as some of the **social events** for their division

The ECS reps across EGU also organize many of the short courses, 1-2 great debates, and many other initiatives

The ECS Reps represent ECS needs across EGU and take ECS concerns and ideas to the main EGU board, via the Union-level ECS Rep:
Raffaele Albano
(and soon Anouk Beniest)
