

# Planetary Outreach Through the Arts: ArtMoonMars

B.H. Foing (1, 2, 3, 4), A. Sitnikova (2, 4) & ILEWG ArtMoonMars team, ILEWG EuroMoonMars Team,  
IAF ITACCUS Committee on Socio-Cultural Utilisation of Space,  
(1) ESA ESTEC ; (2) ILEWG; (3) VU Amsterdam; (4) KABK ([Bernard.Foing@esa.int](mailto:Bernard.Foing@esa.int))

## Abstract

We give an update of ArtMoonMars, Moon Village & ITACCUS (IAF ITACCUS Committee on Socio Cultural Utilisation of Space) activities, with emphasis on events that took place in from 2017 to 2019. The Moon Village is an open concept proposed with the goal of a sustainable human and robotic presence on the lunar surface as an ensemble where multiple users can carry out multiple activities. We want to involve everybody including Socio cultural and Artistic aspects.

Why ArtMoonMars? Artists can convey multiple messages of the community including planetary science, life sciences, astronomy, fundamental research, resources utilisation, human spaceflight, peaceful cooperation, economical development, inspiration, training & capacity building.

## Moon Village, EuroMoonMars & ArtMoonMars workshops

MoonVillage workshops always include a session on Habitat design, precursors or public engagement where artists can contribute.

Workshop sessions were conducted at international symposia or in collaboration with specific universities or institutes, and we had also number of Artscience events or exhibitions. Sessions were also conducted at international symposia or in collaboration with specific universities or institutes:  
-W de Kooning Acad. Arts Rotterdam: King of Moon & Mars

- ISU Strasbourg MVWS & design projects
- ISAE Supaero Toulouse MVWS & design
- ESTEC PMAS simulation workshop
- Paris SGAC European meeting
- London Ontario SW Uni Exploration day
- McGill Montreal Moon Village workshop
- Stuttgart Architecture Moon Village Projects
- Cannes Innov. Centre/O'Sol
- Stuttgart Architecture MVWS & projects ESTEC
- Munich Airbus/ESA MVWS
- Stuttgart Architecture MVWS & projects
- Seoul KICT MoonVillage workshop

- Paris Obs. Astronomy from Moon WS
- Salon du Bourget Air & Space MVWS
- Torino SGAC MVWS
- LunAres Base installation expeditions/campaigns
- Budapest MVWS
- VU Amsterdam/ESTEC Planetary design
- ITACCUS events at Intl Astronautical Congress
- MoonGallery workshops & Exhibitions
- MoonMars at Electronic Arts & Design Festivals

We shall report on specific ArtMoonMars events that took place in 2018 & 2019.

## Acknowledgements

We thank co-conveners of ArtMoonMars workshops (A. Sitnikova, E. Glukhova & Moon Gallery team), MoonVillage Workshops, and ILEWG EuroMoonMars field campaigns (including C. Jonglez, V.Guinet, M.Monnerie, A. Kleinschneider, A. Kapoglou, A. Kolodziejczyk, M. Harasymczuk, I. Schlacht, C. Heinicke, D. Esser, M.Grulich, T. Siruguet, H.Vos, M.Mirino, D.Sokolsky, J.Blamont, A.Lillo, P. Evellin, L. Authier, A. Blanc, C. Chahla, A. Tomic, M. Mirino, I. Schlacht, S. Hettrich, T. Pacher ) and participants to these events. We thank A.Cowley, C. Haigneré, P. Messina, G. Ortega, S.Cristoforetti, D. Binns, M. Landgraf, M. Trovatello, ESA colleagues involved in MoonVillage related activities. We acknowledge organisers of MoonVillage & related community workshops (identified by initials in calendar of events and including N.Verschoor, S. Lizy-Destrez, S. Hettrich, H. Gassabian, J.Cami, V. Foing, J.L.Moro, H. Lakk, I. Schlacht, I. Sisaid, E.Garcia Bourne, P-A. Jourmel, L. Ferreira, Taisik Lee, J. Silk, A.Decadi, A. Wendler, M. Wilde, T. Pacher, M-P.Boucher, H.Hiesinger, C. Sallaberger, L. Ming, J. Ivey, V. Beldavs, H. Rogers, J. Crisafulli , C. Neal, G. Reibaldi, C. Welch, J. Mankins, A. Kapoglou, E. Sefton-Nash, O. Ben-Horin and others). We thank colleagues from ILEWG, Young Lunar Explorers, ILEWG ArtMoonMars contributors the International Lunar Decade Group, the Moon Village Association and Moon Village International Support Group and “MoonVillagers” at large.
